Re: Elgin street vacation-
Rasmussen estate

Dear Ross:

Enclosed herewith you will find the certificate of the City Recorder with reference to taxes and a proposed affidavit for Mrs. Hunt to sign concerning the posting of the notices. As you will recall, on the evening when the City Council adopted the resolution initiating the vacation, I posted the notices as referred to in the affidavit enclosed herewith. You will, I am sure, tell Mrs. Hunt that she has a right to do that by agent, and in this situation I was her agent to help her post the notices. I would appreciate it very much if you would secure her certificate and affidavit and have them filed with her in this vacation proceeding.

Thank you for this courtesy and all your help throughout the matter.

Sincerely yours,

Charles R Cater
